FROM:			Principal Planner, Alexa Repko					
TO:			La Pine City Council					
DATE:			February 9, 2022					

### Councilors:

On November 23, 2021 Vicki Russell of Sagebrush Development along with HWA Civil Engineering, Surveying, and Planning, applied for Final Plat Review of Phase 2 & 3 of the Reserve in the Pines Subdivision. The subject phases of the Subdivision are located at Tax Lot 202 on Deschutes County Assessor's Map 22-10-11.

On March 18, 2019 a 191 lot Subdivision, which includes the subject property, was approved by the Planning Commission. The Subdivision divided the subject property which is 37.22 acres into 85 lots of relatively equal size for single-family residences. Final Plat Review of Phase 2 & 3 includes 85 of the 191 total lots.

#### Motion:

I move the La Pine City Council approve the Final Plat Review of Phase 2 & 3 of the Reserve in the Pines Subdivision.

# Expanding Childcare for Vulnerable Families in La Pine

# MountainStar is seeking property for creating classrooms in La Pine.

MountainStar has received \$550,000 from Deschutes County American Rescue Plan Act (ARPA) funding to expand services in South Deschutes County. In La Pine, we hope to purchase bare land which we will develop. We plan to permanently place modular units, and complete exterior renovations to install a play area appropriate for children ages 0-5. In working with City of La Pine, Sunriver La Pine Economic Development, and Deschutes County officials, we have identified lots located at 16623 and 16631 Box Way (tax lots 221014AB00138-139) as a preferable location. As you can see in the budget on the following page, even with the large investment from Deschutes County, we are still approximately \$225,000 short of completing this project. We are requesting a waiver of water and sewer SDCs to meet this budget goal, and are able to offer \$56,192 for these two lots.

Our plan involves several steps. First, we plan to complete the set up of our site and classrooms by September 2022. Next, we will hire two staff and start a Preschool Promise classroom for 10 children during school year 2022-2023. Then we will work with the Early Learning Hub of Central Oregon to secure funding for starting Relief Nursery services in the spring or early summer of 2023. Finally, we will hire 3 more staff to operate a certified Relief Nursery site starting by July 2023.

# MountainStar services help keep vulnerable young children safe and successful.

MountainStar Family Relief Nursery's mission is to prevent child abuse and neglect through community support and therapeutic services that help vulnerable children and families succeed. We are the only program in Deschutes, Jefferson, and Crook Counties providing therapeutic classrooms, parenting education services, and family support targeted at protecting babies and toddlers who are at significant risk for abuse and neglect. We envision communities that support each parent's efforts to nurture their children's emotional, physical, and intellectual development in a safe environment.

Since 2001, Relief Nursery staff have been providing trauma-informed early childhood classes, home visits, and family support services documented to 1) keep children out of foster care, 2) improve parenting, and 3) connect high-stress families to community resources. Families enrolled at MountainStar have an average of 14 "risk factors" such as a history of previous involvement with the criminal justice or child welfare systems, unstable housing, food supply issues, poverty, health/mental health issues, etc. These stress factors contribute to the likelihood of child abuse and neglect, and MountainStar exists to strengthen families and keep children safe. Every year over 98% of the children enrolled in MountainStar classrooms remain safe from confirmed cases of abuse and neglect.

In 2020, MountainStar added Preschool Promise classrooms to our sites in Bend, Madras and Prineville. These classrooms allow for "continuity of care" into the preschool years for families who had been enrolled in relief nursery classrooms. They also meet the need of providing high quality preschool education for children of lower income families.

Multiple studies show the short and long-term benefits of investment in early childhood education. Immediate benefits for parents and the community include more adults able to enter the workforce, and better community connections that lead to individual and community-wide resilience. Long-term benefits include higher academic achievement, reduced or eliminated interaction with the child welfare system, reduced health care costs, and increased lifetime earnings.

# MountainStar is a community-based effort to help families.

MountainStar Family Relief Nursery is an independent 501c3 nonprofit organization focused on preventing child abuse and neglect. Over the last 20 years, MountainStar staff have worked with 5,000 young children and over 20,000 family members in Central Oregon. MountainStar board and staff engage local communities to help carry out this important work and last year raised over \$1.25 in private sector funding for every \$1 of state government funding invested in our relief nursery. Community volunteers have contributed over 65,000 hours since 2001 by working in classes, serving on the board of directors, and helping with fundraising projects.

MountainStar has been providing outreach services to families in La Pine since 2016. The expansion of MountainStar in this community will provide 5 new jobs in La Pine, with starting wages \$19.30-\$26.50/hr. This expansion will also begin to meet the need for childcare in this community, especially for lower income families. We look forward to a conversation to discuss our proposal in more detail.
