Primary City Snow Plowing Services:

The first priority of City of La Pine snow plowing services are collector roads. Collector roads are roads that serve to move traffic from local streets to arterial roads. These roads will be plowed within 24 hours.

Secondary City Snow Plowing Services:

The second priority of City of La Pine snow plowing services are local roads. Local roads are roads that are primarily used to gain access to residences. These roads will be plowed within 48 hours. Snow plowing services on priority two roads will commence after priority one roads have been cleared, and may occur sooner than 48 hours.
