

Request for Proposals – Addendum 1
Design – Hwy 97 Eastside Sidewalks and Streetscape
City Project No.24-01
Solicitation No: 24-01

Proposal Due: February 29th, 2:00 PM Pacific Time

Deliver to:
City of La Pine
16345 Sixth Street, La Pine, Oregon 97739
Attention: Ashley Ivans – Assistant City Manager

Addendum 1, page 1, General Project Components, Item 2

2. Architectural/Engineering and structural design meeting current UBC standards, 2024 Oregon Standard Specifications for Construction, Deschutes County Construction Specifications, Public Right of Way Accessibility Guidelines (PROWAG) and City of La Pine zoning and construction standards. Perform design in accordance with ODOT Highway Design Manual and for elements within State Right of Way ODOT Highway Design Manual would take precedence. Constraints to this segment include but are not limited to ODOT Access Control & Freight Mobility Coordination (Mobility Advisory Committee).

Addendum 2, additional information, questions received from potential submitter.

- Please confirm that the project is limited to design and plan production only and doesn't include engineer of record support or other activities during construction. This project is only limited to design, and construction is a separate part of this project.
- Please confirm that the \$375k budget mentioned in the RFP is to be used solely for this design effort and additional funding sources would be used for construction and ROW acquisition. The \$375K is solely for design.
