NEW BUSINESS:

1. Notice of Intent to Award – Newberry Lift Station

Finance Director Ivans presented the associated staff report for the Newberry Lift Station Project. She stated that the project had been sent out for a Request for Proposals (RFP) the previous month. The RFP had closed, and the bid opening was conducted on April 10th. Troy Baker of Anderson Perry, along with Finance Director Ivans, conducted the opening of the proposals. Rickabaugh Construction submitted the lowest bid at \$1,185,699.63.

She presented the Notice of Intent to Award (NITA) to the Council for signature by Mayor Earls. Once the NITA was signed, a seven-day protest period would commence. After the conclusion of that period, the City would be able to enter into a contract with Rickabaugh Construction.

Councilor Shields inquired about the company's background. Finance Director Ivans responded that the criteria available to the City for selecting a contractor were limited, and since Rickabaugh Construction had submitted the lowest responsive bid, their proposal had been accepted. She noted that staff had not received any reports of issues concerning the contractor, which would be the only valid reason to disqualify them. Mayor Earls stated that she had not found any concerns when reviewing the contractor's information.

Council President Ignazzitto made a motion that we authorize the mayor to sign the Notice of Intent to Award for the Newberry Lift Station Project and allow the mayor to sign the contract follow the protest period. The contract amount is \$1,185,699.63. *Councilor Morse seconded the motion.* Mayor Earls asked for a roll call vote:

Finance Director Ivans presented the associated staff report regarding the Budget Committee member applications. The City had received two applications: one from Rachel Vickers, who applied solely for the City's Budget Committee, and one from Lynn King, who applied for both the Urban Renewal Budget Committee and the City's Budget Committee. Finance Director Ivans recommended appointing both Ms. King and Ms. Vickers to the City Budget Committee, and appointing Ms. King to the Urban Renewal Budget Committee. Both members would serve four-year terms ending in December 2029.

Council President Ignazzitto made a motion to appoint Lynn King to the Urban Renewal Agency Budget Committee. *Councilor Morse seconded the motion.* Mayor Earls asked for a roll call vote:

STAFF COMMENTS

Student Councilor Marston stated that the high school would be presenting a play, *Charlie and the Chocolate Factory*. He provided the dates and times for all scheduled showings.

Finance Director Ivans reminded the Council that the budget meetings would begin in May and shared the scheduled dates. She stated that the first meeting would include sponsorship presentations. The second meeting would serve as a public hearing for State Shared Revenues and to adopt the budget. Once the budget meeting was adjourned, the regular Council meeting would commence.

Associate Planner Tierney provided an update on his ongoing training in current planning.

Community Development Director Bybee stated that Associate Planner Tierney had extensive experience with long-range planning, was performing well in his role, and had assumed full responsibility for all Type I applications.

He provided an update on the Type II application for the spec building in the Newberry Business Park, noting that it remained under review with a decision expected soon. Regarding a Type III application for a subdivision, he reported that the tentative plan had been approved by the Planning Commission and was currently within the appeal period. He also mentioned that there was one Type IV application for a text amendment, and that he would provide the Council with more details soon regarding the applicant's proposed changes.

In his update on long-range planning, Director Bybee reported that a Post Acknowledgement Plan Amendment (PAPA) had been submitted to the Department of Land Conservation and Development (DLCD) as part of the comprehensive plan update. Additionally, notices had been sent to every property owner within city limits. He explained that, since no zoning changes were involved, a Measure 56 notice was not required. He noted that a public hearing for the adoption of the comprehensive plan update was scheduled for the following month with the Planning Commission, after which it would be brought before the Council for final approval.

He stated that he had been working with DLCD and ODOT on the Transportation System Plan (TSP) update and would provide further updates to the Council as the project progressed.

He added that preparations were underway for planning code updates in the coming year and expressed interest in conducting joint workshops between the City Council and the Planning Commission.

Finally, he provided an update on the DANCO worksite. He reported that a stop work order had been issued but had since been lifted after the company complied with the City's requests.

Mayor Earls reported that she had spoken with the Principal of La Pine High School regarding the proposed roundabout at Huntington and inquired about its construction timeline. Director Bybee clarified that the project would be carried out in coordination with Deschutes County. He stated that fees had been collected from new developments to help fund the future roundabout; however, he did not yet have a confirmed start date for the project. He emphasized that the roundabout remained a priority for the City.

MAYOR & COUNCIL COMMENTS

Councilor Morse had no comments.

Council President Ignazzitto thanked the Council for their support during her absence and expressed appreciation to Mayor Earls for rearranging her schedule to accommodate that absence.

Councilor Shields welcomed the new volunteers appointed to the Budget Committee.

Councilor Curtis also thanked the new volunteers and recognized Director Bybee for writing a letter on behalf of the City regarding the Comprehensive Plan update, which had been sent to the citizens of La Pine.

Mayor Earls informed the Council of a fire preparedness event scheduled for the upcoming weekend at La Pine Park and Recreation. She shared that she had recently been a guest on a community member’s podcast. Lastly, she noted that she and two other Councilors would be attending the Spring Conference hosted by the League of Oregon Cities (LOC).

Councilmembers:

As a part of the City’s Annual Budget process there are several Resolutions that need to be passed. Many of these are formalities that you are all familiar with. This year, we have a new resolution to pass establishing a reserve fund. Below I have outlined each resolution and what it is for. Each Resolution will need to be passed with a motion, all of which have been recommended at the end of this staff report.

Res. 2025-01 – A Resolution Declaring Municipal Services Provided: This resolution simply declares that the City provides the services required to receive state shared revenues each year. Of the 7 items listed the City must provide 4 of them. Currently, the 4 that the City provides are:

1. Street construction, maintenance, and lighting
2. Sanitary sewer
3. Planning, zoning, and subdivision control
4. One or more utility services

Res. 2025-02 – A Resolution Declaring the City’s Election to Receive State Shared Revenues: This resolution must be passed in order for the state to send the City it’s portion of Gas, Liquor, Cigarette and Marijuana Tax. It also authorizes the City to receive it’s quarterly apportionment which is based on population.

Res. 2025-03 – A Resolution Adopting the City’s Master Fee Schedule, effective July 1, 2025: This resolution is adopting the City’s rates for FY2025-26. The only changes to this fee schedule are the increases to water and sewer rates for the fiscal year.

Resolution 2025-04 – A Resolution Creating a New Reserve Fund: This resolution creates the City’s newest fund, titled *Community Development Operating Reserve*. This fund is created to house reserves for the Community

Development Department and is funded by Interfund Transfers from the Community Development and General Funds. This fund will need to be reviewed in 10 years per state law.

Motion Recommendation: I move that we approve Resolution 2025-01, A Resolution Declaring Municipal Services Provided.

Motion Recommendation 2: I move that we approve Resolution 2025-02, A Resolution Declaring the City's Election to Receive State Shared Revenues.

Motion Recommendation 3: I move that we approve Resolution 2025-03, A Resolution adopting the City's Master Fee Schedule, effective July 1, 2025.

Motion Recommendation 4: I move that we approve Resolution 2025-04, A Resolution Creating a New Reserve Fund.

Councilmembers:

The Deschutes County Board of County Commissioners (BoCC) are considering the redesignation of the Rural Renewable Energy Development Zone and are soliciting testimony on the matter that will come before the body at their May 28th, 2025, meeting.

This extension of the program, which was initiated in 2014, will provide continued tax exemption incentives, in a similar format to an enterprise zone, for renewable energy projects such as geothermal, solar, and wind, that are installed in unincorporated parts of the County, which will not reduce tax revenues for the incorporated communities such as La Pine. The intent of the program is to three-fold, one, to generate jobs associated with the projects, two, to build increased renewable energy infrastructure to supplement traditional energy production sources, and three, to bring these projects on to the tax rolls after a minimum of three years, with possible extensions to years four and five, but no further.

As it currently stands, unincorporated lands have much higher limitations put upon them due to the Oregon land use program, in addition to reliance upon and lack of traditional water and wastewater systems which in turn yield a high percentage of lands in the county being underutilized.

Arguments against this activity may rest in an interest in keeping natural landscapes un or underdeveloped, in addition to potential interests that are not in support of renewable energy sources.

The program is currently in place and has yielded projects such as the solar array south of the Redmond airport, and potential projects such as the budding geothermal activity plans that will begin adjacent to Paulina Peak but will make their way down towards La Pine. As this program is currently in place and has attracted economic expansion in the County in the past, with a focus on harnessing renewable energy, it appears that it may be of long-term benefit

to the overall community. Questions can be forwarded to the BoCC office at the location provided for on the attached statement of interest from the County. It is suggested that if the Council is interested in supporting this effort of the BoCC, that a motion be made to provide a letter of support as testimony.

Action:

If there is interest in supporting this effort, please make the following motion:

“I make a motion to provide a letter of support for the Rural Renewable Energy Development Zone to the Deschutes County Board of Commissioners.”

Please follow this with **a Second**, and a roll call vote.

Notice to local taxing districts about the redesignation of a Rural Renewable Energy Development Zone in Deschutes County

La Pine, OR. 97739

Subject: Rural Renewable Energy Development Zone for Deschutes County

Dear Ashley Ivans,

This letter informs you of the exciting opportunity to continue to improve the local economic base, business climate and long-term community development and invites comments and testimony at a public hearing to be held at the May 28, 2025 meeting of the Deschutes County Commission. The Deschutes County Commission is considering whether to redesignate its rural renewable energy development zone which functions like an enterprise zone throughout county territory for development, such as wind power projects, geothermal or other cases where a renewable energy resource is used to generate electricity or produce a biofuel. The redesignation request, a continuation of the program that was initiated in December of 2014, will be submitted to Business Oregon for approval.

A public hearing is scheduled for May 28, 2025, for the regular Deschutes County Commission meeting at 9am or as soon thereafter as may be heard in the Barnes and Sawyer Rooms, Deschutes Services Building, 1300 NW Wall Street, Bend, OR. At the public hearing, the Deschutes County Commission is expected to consider a resolution requesting redesignation of the RRED Zone with a new expiration date of June 30, 2036.

The proposed area is in Deschutes County outside of the Urban Growth Boundaries of Bend and Redmond by statute, such that the zone could affect future property tax collections in your district.

Please understand that a rural renewable energy development zone exempts only new property that an eligible, job creating business might build or install in the zone at some future time. Also, the exemption is temporary, usually lasting only three years, after which time the property induced by these incentives is available for assessment. An extension to four or five years in total is possible in some cases with agreement of the local Deschutes County Commission governing body.

Persons interested in attending the public hearing may participate as follows:

- Live Stream Video: via YouTube using this link: <http://bit.ly/3mmlnzy>.
- Public testimony can be provided in person or virtually via Zoom. Time limits may apply. To join the meeting via Zoom from a computer, use this link: <http://bit.ly/3h3oqdD>.
