Response to Questions of Clarification

November 14, 2017

RE: Water/Wastewater System Improvement Engineering Services RFP

On November 13, 2017, the City received an email inquiry regarding clarifications for the Water/Wastewater System Improvement Engineering Services RFP. Those questions are presented and answered below:

- “If we use less than the allocated page limit for a particular section, may we reallocate the extra page to another section?” **No, stay within the guidelines outlined in the RFP.**
- “For tables or graphics (like an org chart) should we still maintain the 11-point font or would a smaller font size be acceptable there?” **No, maintain 11-point font throughout the RFP.**

Pursuant to Page 9, Section C of the RFP, substantive questions and all responses will be made available at City’s website at www.lapineoregon.gov and on Premier Builders Exchange website at www.premierbx.com.

Sincerely,

Cory Misley
City Manager
